Aug 11, 2015 iRig allows guitar and bass players to plug into their Mac, iPhone/iPad or iPod Touch and use their mobile device to play, practice and record with apps like IK's AmpliTube, Apple's GarageBand.. But in trying to use it in GARAGEBAND on the iPad I have restarted, adjusted settings, checked updates yadda yadda yadda and I still cannot get the guitar signal in the headphones.

Irig And Garageband Ipad 7In this feature I ditch the recording studio and take a look at the best portable interfaces for GarageBand musicians who want the freedom to record anytime, anywhere.. Jul 30, 2011 I have been a happy user of iRig with both the iPod Touch4 and the iPad version.. IRig Keys I/O - Universal keyboard controllers and audio interface for iPhone, iPad, iPod touch, Mac and PC.
